

Blue Wren Bush Café

Welcome to the Blue Wren Bush Café

We make our delicious rye sourdough bread out of 100% organic wholegrain flour. We also have gluten free bread available. Our precious honey comes from local bee keepers who often have their hives on our property. Vegetables are picked from our green house as much as possible. Fruit, eggs and dairy products are sourced locally.

All our pizza bases are homemade and pre-cooked in our wood-fired oven. All bases are topped with our in house made tomato base and dried organic herb from our green house.

Our German sausages and Sauerkraut are sourced from traditional German butchery based in Sydney. The Sauerkraut is finished in house from an old family recipe.

And our scones are made by Maria with love and expert hands. Regina, Kimi and Eva hold the secret to our delicious homemade Gelato.

Blue Wren Bush Café
